Capacity return pump [m³/h]	83	100	125	147	166
Internal air extraction system [m³/h]	4000	4000	6000	6000	6000
Precipitation container [l]	2000	2000	3000	3000	3000

Sustainability First!
Combine washing and
distilling

Why a 300?

EFFICIENT CLEANING:

Good cleaning results thanks to oscillating spray system with powerful wash pump. High loading capacity.

EASY HANDLING:

Automatic washing program. Accessible at ground level. Various washing carriages/trolleys available.

SAFE USE:

Washing solvent in separate tank and separated from the washing chamber; hence, emissions are considerably reduced. Explosion protection according to ATEX, category 1 (with type examination) for zone 0 inside, category 2 for zone 1 outside the machine.

ROBUST DESIGN:

High-quality components like pumps and ventilators. Long life cycle with regular maintenance.

Oscillating spray bars
from three sides

Groundlevel access
